Subject: Permission to sanction Budget for EDC events for Academic Year 2018-2019

Respected Sir,

Our college has established Entrepreneurship Development Cell in year 2016. Entrepreneurship is the key that can unlock India's latent inventive potential. It will not only push India to the forefront of the world but also help raise the quality of life in the country.

With this belief The Entrepreneurship Cell targets to help in the development of India's entrepreneurial ecosystem by enabling easy and efficient interaction between its major components spanning students, working professional, aspiring and existing entrepreneurs, mentors, angel investors, venture capital firms and corporates through initiatives like interactive sessions, competitions, conferences etc. Under EDC we are going to organize different events in Academic year 2018-19. For these events the proposed budget is Rs.49000/- attached here. Please permit us to sanction the budget for EDC.

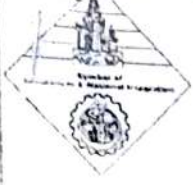

Thanking you,

Subject- Permission to conduct the EDC Week in Our College

Respected Sir,

We would like to bring to your notice that the Entrepreneurship Development Cell (EDC) of M.H.Saboo Siddik C.O.E. (EDC) wishes to conduct a set of events under the EDC-Week 2018. These events help to educate the students about the spirit of Entrepreneurship and Leadership, encouraging them to explore new opportunities and take up entrepreneurship in the near future.

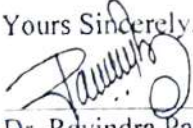

Our students recently had the opportunity to experience the E-summit of IIT Bombay and a few other E-fests and wish to impart a small part of that experience, and hopefully in the near future make it an event that the students are keen to participate in. Request you to please allow us to conduct the below mentioned events in our college under your guidance on the 12th, 14th and 15th of March 2018.

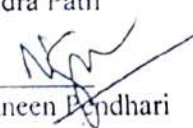

The events are as follows:

- Seminars
- Debate
- Elocution Competition
- Crowd Pitch
- Business Carnival (Stall competition)
- IPL Auction (Fun Event)

Attached is the schedule of the events to be conducted and their brief description.
Thanking you in anticipation.

Yours Sincerely,

Dr. Ravindra Patil

Subject: Permission to conduct Group Discussion & Business Skill quiz.

Respected Sir,

This is to inform you that our EDC has been selected to participate in the E-summit 2018 as one of the top 15 finalists of the NEC E-cell contest held by Ecell(IIT Bombay). To compete for the same we require to complete a set of tasks under which we have already conducted activities like:

- EDC week
- Poster Presentation Competition
- Innovative Idea Generation Competition
- Seminars related to Entrepreneurship Awareness.

This has helped us to qualify for the finals. Further we need to conduct a Group Discussion related to Entrepreneurship and a Business Quiz to complete the set and earn the required points.

We propose to conduct this in the Conference room in CC-lab of the Computer Department on 22nd Jan, 2018 between 11:00 am to 3:00 pm. We eagerly look forward for your encouragement and approval for the same.

Thanking you.

Respected Sir,

As discussed earlier, the Entrepreneurship Development Cell would be really grateful to you if the College could provide us with a space for the cell to carry out its activities and maintain its records.

Also this could serve as a purpose to set up an incubation cell in the near future. It is a requirement by the AICTE for the E-cells of the college to have a proper space, after verification of which the EDC is eligible to apply for grants under the DST and the AICTE.
Request you to look into this and grant us the needful.

Thanking you.

IPL Auction: (The art of investing) Students bid for highest rated players to form a strong team and win the competition. There is a bidding procedure and algorithm and the input of the students will be fed into the algorithm to decide whose team is the best for a higher probability of win.

Elocution Competition: 15 Students present speeches on informative topics related to Entrepreneurship or the recent hot topics of Technology as decided by the English teachers.

Crowd Pitch: An amalgamation of Elevate your pitch (pitch your company within 3 min) and Pitch-fest. Here, the students who have won in the IIGC, pitch their ideas in front of students and a judge to get a maximum investment. An algorithm will be applied in relation to the score of the judge, where in we can also decide which Student has the best pitch, and which students have the most investment.

Business Carnival (Stall competition): An Inter-branch stalls competition to gain maximum profits to be the winner. A coupon system will be applied on the ground and students having the maximum worth of coupon will be the winners.

There will be reasonable entry fees to participate in the competition which would in return be given as prize money back to the winners.

Subject - Conduction of E-Week and involving students for the events.

Dear Ma'am/sir,

The EDC is conducting the EDC-week dated on 12th March, 14th March and 15th March. It would be wonderful if we could have the cooperation of the departments to help us conduct the events and help in motivating the students to participate in the events.

The events list is as follows:

Event	Description/ Benefits	Audience required
Seminar 1:	Digital transformation required in technology related to Healthcare.	All Interested students, specially students from the <u>Computer, IT and Electronics</u> branch.
Crowd-pitch:	The art of pitching to help enhance the students' Pitch, Presentation and Personality. Also a chance to the audience to gain a mock experience of investing (via virtual money).	Best 15 interested finalists from the Idea Generation competition to pitch against a mock investor.
Seminar 2/3:	Product Design and the process of product formation from Ideation to manufacturing/ implementation.	Students from the Idea Generation competition (Finalists) and Interested students from all 3 rd years.
Debate:	The students will increase their knowledge in the field of Entrepreneurship and this will also help increase their courage and way of presenting their mind in a precise and correct way.	2 students from the 2 nd year, one on the For side, and one for Against. (Minimum)
Elocution:		1 student from the 2 nd year. (Minimum).
Business Carnival:	This event will help students realize the actual mindset of the "crowd" and what all techniques to apply to help sell their specific product, hence helping them	Minimum 1 team from each Branch.

Sub : Offer of Mentorship for final year student projects.

Respected Madam,

Sumo Construction is a construction firm focused in providing cutting edge and top of the line building repair and construction services. The firm has 4+ years of experience in execution of a wide variety of Construction Processes and technology.

Our firm has over the last year started an R&D department to research on and develop newer technology and custom made equipment to improve construction systems, improving both yield and quality.

We would want to offer to students of your esteemed institute the opportunity to develop their final year projects with us where we will offer mentorship for projects proposed by us and also afford mentorship for project topics if proposed by the students subject to internal criteria. Students completing their projects with us will get an experience certificate for the same along with mention in any research papers, if published.

Eligible candidates will be given offers of placement for various openings in the firm subject to internal criteria.

We are attaching a list of project topics along with this letter for your perusal. We request you to kindly circulate the same in your institute so that students may select those topics which are of interest to them. Please note that Students will be interviewed for suitability before finalising of Projects teams.

We wish to assure you that your students will get the best available guidance and resources from us for these projects.

Hoping for a positive reply.

Dear sir,

On behalf of EDC M.H. Saboo Siddik College of Engineering, it gives me great pleasure in conveying our heart-felt appreciation to you for the valuable contribution you have made in **"Inauguration of EDC for 2018-19"** conducted on 8th October 2018. You delivered a very inspiring and enriching session.

We had effective seminar sessions on **"How to build and run an E-Commerce Store"** and we appreciate you for your valuable time and effort for making this session interactive and lively. It helped the students a lot to learn about an exclusive aspect of the session conducted by you.

We sincerely thank you for the whole-hearted acceptance of our invitation and making this event memorable one with your involvement.

We expect the same cooperation from you in future.

Thanking you,

Muddassir

Subject: Permission to sanction Budget for EDC events for Academic Year 2017-2018

Respected sir,

Our college has established Entrepreneurship Development Cell in year 2016. Entrepreneurship is the key that can unlock India's latent inventive potential. It will not only push India to the forefront of the world but also help raise the quality of life in the country.

With this belief The Entrepreneurship Cell, targets to help in the development of India's entrepreneurial ecosystem by enabling easy and efficient interaction between it's major components spanning students, working professionals, aspiring and existing entrepreneurs, mentors, angel investors, venture capital firms and corporates through initiatives like interactive sessions, competitions, conferences et al. Under this EDC Cell we are going to organize different events in Academic year 2017-18. For these events the proposed budget is attached here. Please permit us to sanction the budget for EDC.

Thanking you.

Subject- Regarding selection of students for the formation of committee and also to encourage and motivate students to participate in EDC events for academic year 2018-2019.

Respected Sir,

We would like to inform you that the Entrepreneurship Development Cell (EDC) of M.H. Saboo Siddik C.O.E. is going to select new students in the committee for the academic year 2018-19. The committee aims at developing various skills such as managing events, Public speaking, P. R. etc. among the students. Also through various events we plan to educate the students about the spirit of Entrepreneurship and Leadership, encouraging them to explore new opportunities and take up Entrepreneurship in the near future.

Our students recently had the opportunity to experience the E-summit of IIT Bombay and a few other E-fests and plan to impart that experience and make it an event that the students are keen to participate in. This can only be achieved with maximum participation from students and teachers. Hence we request you to kindly motivate and encourage the students to participate in the committee and the events in as much number as possible.

The interview is scheduled on ^{Friday} 10th August 2018, at 2:00 pm to 5:00 pm. Interested candidates should report to CDPL Lab floor no 3 (next to lift), along with their resumes.

Anticipating support from all the H.O.D's and all EDC co-ordinator's for the formation of Committee as well as upcoming events.

Subject-Request to approve change of Logo.

Respected Sir,

It has been just a year since our EDC has been functioning, however the previous logo as approved before did not add a meaning to the agenda of the e-cell or a goal.

Hence, with the aim to have an effective approach towards the students and to promote the name of EDC MHSSCE among different colleges we have come up with this new logo which features as follows:

- **Origami Bird:** A symbol of hope and healing during challenging times which relates to the students to provide them a new outlook on Entrepreneurship.
- **Dark Blue:** Symbolizes loyalty, strength, wisdom and trust which our EDC intends to give and promote among the students.
- **Orange:** Associated with joy, creativity determination and Enthusiasm which the EDC intends to create among the students with its various activities scheduled.

Hence with the above aim we eagerly look forward for your encouragement and approval for the same.

Thanking you.

Yours faithfully,

Dr. Ravindra Patil.

Subject- Request to grant the EDC a space to function from.

Respected Sir,
As discussed earlier, the Entrepreneurship Development Cell would be really grateful to you if the College could provide us with a space for the cell to carry out its activities and maintain its records.

Also this could serve as a purpose to set up an incubation cell in the near future. It is a requirement by the AICTE for the E-cells of the college to have a proper space, after verification of which the EDC is eligible to apply for grants under the DST and the AICTE.

Request you to look into this and grant us the needful.

Thanking you.

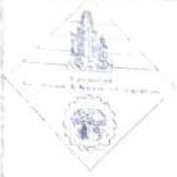

Yours faithfully,

Dr. Ravindra Patil.

Subject- Permission to conduct Group Discussion & Business Skill quiz.
Respected Sir,

This is to inform you that our EDC has been selected to participate in the E-summit 2018 as one of the top 15 finalists of the NEC E-cell contest held by Ecell(IIT Bombay). To compete for the same we require to complete a set of tasks under which we have already conducted activities like:

- EDC week
- Poster Presentation Competition
- Innovative Idea Generation Competition
- Seminars related to Entrepreneurship Awareness.

This has helped us to qualify for the finals. Further we need to conduct a Group Discussion related to Entrepreneurship and a Business Quiz to complete the set and earn the required points.

We propose to conduct this in the Conference room in CC-lab of the Computer Department on 22nd Jan, 2018 between 11:00 am to 3:00 pm. We eagerly look forward for your encouragement and approval for the same.

Thanking you.

Subject : Seeking Guidance for expanding my reach in project acquisition and completion.

Respected Madam,

I have almost completed the product that was mentioned in the previous letter. The bot is named CouponBot and holds its own website and is now live on platforms like Skype, Facebook Messenger, Telegram, Slack etc. Though most of the development is completed, a huge amount of testing and debugging has just begun.

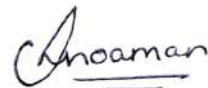

If I have learnt anything in these past months working with IT veterans it is that, customer satisfaction leads to client generation. If what one has to offer is good people will come for more hence making them a long term user or a client. Since my work on this project has been greatly praised by my team it increased my exposure to other projects as people started noticing the quality content. I am starting to receive offers for website development and development of apps from a few clients, with payments ranging from 50,000 to 70,000 rupees per project.

However, unfortunately I have been unable to accept these offers as I am already being stretched to balance my work and academics. Hence I am looking to capitalize on this opportunity by assembling a team of coders many of whom could be from our college itself.

This would not only give them invaluable experience but also allow them to contribute to something very special budding right in this college while also earning their first pennies. The offers I have currently amassed are just the beginning as no matter what era it is every department will always need I.T.

Looking forward to a positive reply from your side and thanking you in anticipation for your kind cooperation.

Subject- Encouraging and motivating students to participate In EDC

Respected Sir,

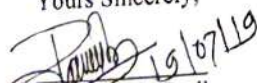

We would like to inform you that the Entrepreneurship Development Cell (EDC) of M.H.SabooSiddik C.O.E.is selecting new students in the committee for the academic year 2018-19. The committee aims at developing various skills such as Managing events, Public speaking, P.R. etc. in the committee members. Also through various events we plan to educate the students about the spirit of Entrepreneurship and Leadership, encouraging them to explore new opportunities and take up entrepreneurship in the near future.

Our students recently had the opportunity to experience the E-summit of IIT Bombay and a few other E-fests and plan to impart that experience and make it an event that the students are keen to participate in. This can only be achieved with maximum participation from students and teachers. Hence we request you to kindly motivate and encourage the students to participate in the committee and the events in as much number as possible.

Last year Idea Generation Competition top two ideas were invested by external investor Kayosa Edutech Pvt. Ltd. Our college going to start incubation center and we are now getting a scope for incubation center. Request is without your help it is not possible. So please encourage the student for the same.
Anticipating your support to the committee and positive response from the students

Thanking you,

Yours Sincerely,

Dr. Ravindra Patil

Subject- Encouraging and motivating students to participate In EDC

Respected Sir,

We would like to inform you that the Entrepreneurship Development Cell (EDC) of M.H.SabooSiddik C.O.E.is selecting new students in the committee for the academic year 2018-19. The committee aims at developing various skills such as Managing events, Public speaking, P.R. etc. in the committee members. Also through various events we plan to educate the students about the spirit of Entrepreneurship and Leadership, encouraging them to explore new opportunities and take up entrepreneurship in the near future.

Our students recently had the opportunity to experience the E-summit of IIT Bombay and a few other E-fests and plan to impart that experience and make it an event that the students are keen to participate in. This can only be achieved with maximum participation from students and teachers. Hence we request you to kindly motivate and encourage the students to participate in the committee and the events in as much number as possible.

Last year Idea Generation Competition top two ideas were invested by external investor Kayosa Edutech Pvt. Ltd. Our college going to start incubation center and we are now getting a scope for incubation center. Request is without your help it is not possible. So please encourage the student for the same.
Anticipating your support to the committee and positive response from the students

Thanking you,

Yours Sincerely,

Dr. Ravindra Patil

Subject: Conduction of EDC-week and motivating students for the events.

Respected Sir/Ma'am,

We would like to bring to your kind notice that the Entrepreneurship Development Cell (EDC) of our college M.H.S.S.C.O.E is conducting EDC-week dated on 11th, 12th and 13th of February, 2019. These events help to educate the students about the spirit of entrepreneurship and leadership, encouraging them to think and explore beyond the scope of academic syllabus. It would be wonderful if we could have the co-operation of the departments to help us conduct the events and motivate the students to participate in them.

We are glad to inform that EDC is providing opportunity for the students to "Pitch" their ideas to Investors on 13th Feb, 2019.

Schedule of Events:

Report

“Effective Utilization of Subscribed E-Resources Through Remote Access”

Held on: 17/07/2021

The programme started with the recitation of the Holy Quran by Prof. Shahab Dabir followed by opening remarks by Mr. John C Abraham, Librarian and NDLI Club Secretary. Further, Dr. Ganesh Kame, I/C Principal and NDLI Club Patron inaugurated the event. Later, Prof. Zaheer Khan, Vice-Principal and NDLI Club President gave the key note address.

Session 1 – RemoteXS: User Training was engaged by Mr. Kapil Acharya, Product Implementation and Customer Support Engineer, Éclat Engineering, Ahmedabad. He introduced the product features of RemoteXs and how these features are incorporated and customised by MHSSCE library. He explained how the federated search works in RemoteXs. Federated search is a technique used to search multiple data sources at once. With federated search, we can retrieve information from many different content locations with just one query and one search interface. He also demonstrated the user registration procedure and other details of RemoteXs.

Session 2 – Enhance Research Productivity Through ASCE, Springer and E- books was engaged by Mr Girish Kulkarni and Mr. Venkatesh, Client Engagement Manager, GIST & Krimbus Online Pvt Ltd, New Delhi. A detailed introspection into the ASCE, Springer e-books and e-journals and Videeya e-books were done by both.

Session 3 – Developing Learning and Research Skills using IEEE Xplore Digital Library was managed by Mr. G K Upadhyaya, Senior Training Manager EBSCO-IEEE Information Services. He discussed about Overview of IEEE Xplore Digital Library, retrieving the right set of content from millions records, use of limiters/filters to get “to-the-point” content, HTML articles- quickly scanning, citation map, math settings, codes, data sets, metrics, etc, Publication landing page- setting alert, impact factor, submission guidelines, other tabs, etc. New feature- My research projects, Finding the virtual conferences and MyXplore App.

An active question answer session cleared the ambiguities raised by the participants, by the panelists.

The event was moderated by Prof. Ibrahim Shaikh and ended with the vote of thanks by him.

Subject: Permission to collect fees for Bootcamp.

Respected Sir,

The objective of conducting BootCamp aims to trigger the entrepreneurship bugs in the minds of young budding professionals. Whether students are working or in business, success depends on their mindset, the Bootcamp is structured to make students think like an entrepreneur.

Following are the objectives of conducting the Bootcamp

1. Introduction to Entrepreneurship + Idea Generation
2. Entrepreneurial mindset and skill set
3. How to incorporate business plans into the model?
4. How to create your own brand?

Outcomes expected:

- 1 The Bootcamp will spark their minds with start with self-recognition to setting up personal and professional goals. Using the clarity points they learn how to set up their own ventures (right from Idea Generation to its opportunity analysis to business modelling and putting this as a Business Plan and last but not the least to secure their businesses (IPR))
- 2 They will be able to conceive / think in right direction about the ideas and innovations
- 3 Implement the ideas to feasible entrepreneurial ventures
- 4 10 Startups to be started till Dec 2024
- 5 50 % of Startups should be in sustainable mode

The Navyuvak Entrepreneur has agreed to conduct the bootcamp this year and will charge Rs 349 per student. You are requested to kindly permit us for the same and oblige

Thanking You.

Yours Sincerely,

9.6. Entrepreneurship Cell

The Entrepreneurship Development Cell of M. H. Saboo Siddik College of Engineering was inaugurated on the 29 September 2016 by Dr. Prasad, Faculty Advisor, NITIE Centre for Student Enterprise and Mr. Uday Wankawala, a Collaborator, facilitator & motivator in the start-up *Ecosystem*.

MHSSCOE-EDC aims to spark the minds for start-up among the students. It nurtures students to bring new products and ideas to the market. MHSSCOE-EDC has developed a systematic approach to groom first generation entrepreneurs through awareness, motivational programs, curriculum, and industry interaction. Entrepreneurship is adopted as one of the processes to prepare students as a leader to take on global challenges and opt for self-employment and job creation. MHSSCOE-EDC also provides various facilities like boot camp, IIGC & E-Week etc. EDC is committed to inspire students by providing knowledge and exposure to become budding Entrepreneurs.

9.6.1 Objectives

1. The primary objective of EDC is to promote entrepreneurship among students by providing them with the necessary skills, knowledge, and resources to start their own businesses.
2. EDC provides training and development opportunities to help students develop the skills needed to become successful entrepreneurs, including business planning, marketing, financial management, and networking.
3. EDC helps students to access funding opportunities to support their business ideas, including grants, loans, and other forms of financial support.
4. EDC encourages students to think creatively and innovatively, and to develop new products and services that can solve real-world problems and meet the needs of customers.

9.6.2 Events Organized by EDC

1. Entrepreneurship awareness camps, entrepreneurship development programs, skill development programs
2. Interactive sessions by entrepreneurs, professionals, angel investors, mentoring for students.
3. Innovative Idea Generation Competitions
4. IPL Auction and Business Carnival Competitions
5. EDC-week celebrations

Events organized during academic year 2022-23

1) Spot Idea Generation Competition conducted on 17th Jan 2023

The competition can promoted creativity and innovation among the participants, as they were challenged to come up with original and viable ideas in a short amount of time.

The competition helped to identify promising ideas that have the potential to become successful businesses or projects. These ideas can be further developed and refined, and potentially lead to new products, services, or solutions.

The competition helped to build participants' confidence and skills in presenting their ideas, pitching to investors, and communicating effectively.

2) The School Challenge Program Aug 2022 – April 2023

The program provided mentoring opportunities for college students, who can serve as role models and mentors for the school students, and help them to navigate the college application process.

This program strengthened the relationship between the college and the local community, and demonstrated the college's commitment to education and community engagement.

3) The Entrepreneurship mindset BootCamp was conducted on 15th and 16th March 2023

The bootcamp facilitated networking opportunities for participants, allowing them to connect with other entrepreneurs, investors, to build valuable relationships that can support their businesses.

The bootcamp enhanced participants' confidence and motivation by providing them with the knowledge, skills, and resources needed to succeed as entrepreneurs.

The Benefits of these events for students are:

Skill Development: Students acquired practical skills relevant to entrepreneurship, such as business planning, marketing, negotiation, and leadership.

Networking: Events offered opportunities to connect with peers, mentors, investors, and potential collaborators.

Inspiration: Exposure to successful entrepreneurs and their stories inspired students to pursue their own entrepreneurial journey.

Feedback: Students received valuable feedback on their ideas, prototypes, and presentations from experienced professionals.

Validation: Participating in competitions and workshops helped students validate their business ideas and concepts.

Results of Spot Idea generation Competition

Three winners were selected from Spot Idea Generation competition

First Prize was for Idea "Prashncoach" and "Duster Refill"

Second Prize for Idea "Headcounter using smart camera"

Third Prize for Idea” Reducing waste and e-waste by trading and exchanging items”

Startup Under Process:

Second Prize winner received funding of Rs. 50,000/- for making the prototype.

9.6.3 Our Partners and Mentors

1. National Entrepreneurship Network (NEN)

MHSSCOE-EDC signed an MOU with National Entrepreneurship Network in 2017.

2. NavYuvak Entrepreneur

Nava Yuvak Entrepreneurs Private Limited signed an MOU with MHSSCOE-EDC for the period 2019-21 and 2022-23.

9.6.4 EDC Team

All the departments’ coordinators taking sincere efforts to functioning this EDC and EDC team details is given in the table 9.6.4 .1

NDLI Club: A Brief Introduction

About NDLI

National Digital Library of India (NDLI) is a virtual repository of learning resources that is not just a repository with search/browse facilities but provides a host of services for the learner community. It is sponsored and mentored by the Ministry of Education, Government of India, through its National Mission on Education through Information and Communication Technology (NMEICT).

About NDLI CLUB

National Digital Library of India Club (NDLI Club) is an enabler of career progression for students, job seekers, researchers, and learners. NDLI Clubs are set up in institutes and nodal bodies, and these Clubs conduct events to facilitate students to develop knowledge, skill, and traits beyond the regular curriculum which are essential for their progression in the respective professional domain. The events may be either physical or virtual. Virtual events are web-based and are conducted through the NDLI Club portal. The events are organized at the respective institute level or city/district/state/regional level or all-India level.

As per the mail received from Er Arshi madam we are very much behind in this work and it should also be given priority.

Publicity Lead is requested to look into this matter and speed up the work.

I have marked the cells in a yellow background with the owner name.

I make the final request to give this information by today evening.

Publishing it after the admission process is over will not be of any worth for all of us.

Start Date Feb. 4, 2023 10:30 a.m.
End Date Feb. 4, 2023 1 p.m.
Detail The programme will explore batteries, specifically lithium-ion or Li-ion batteries. This is a type of rechargeable battery that uses the reversible reduction of lithium ions to store energy widely used in industries. Further, the expert will discuss various other batteries with their applications, etc.

Remarks / Feedback

The 3rd of event of the year on "Battery Technology" was held on Saturday, 4th February 2023 from 11:00 am through Google meet and YouTube Live. The webinar was moderated by Prof. Tarannum Shaikh . The program started with the recitation of the Holy Quran by Prof. Shahab Dabir. Dr.Zakir Elahi Choudhari, Associate Professor of Automobile Department inaugurated the event. Keynote Address was given by Prof.Fareen Bobere Asst.Professor from Automobile Department . The Session on Exploring Battery Technology was presented by Dr. Kartik Jamadar, Volkswagen, Germany. A detailed session on various aspects of Battery technology, types and its advantages and disadvantages and the future trend of battery technology. A question answer session was followed, which was highly interesting and the many ambiguities were clarified. The program ended with the Vote of thanks by Prof. Atiya Banu, Civil Engineering Department. The event lasted for 2hours 20 minutes. More than 100 club members attended the event. Club Secretary

Name and Area of Industry/Organization: Mumbai

Title of the Lecture: One Day Faculty Development Program on Intellectual Property Right

No of participants: 55

CO's Addressed – To understand the Intellectual Property Assets

To get acquainted with Patent filling procedure and applications

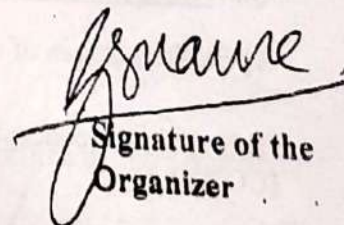

PO's Addressed – PO11: Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and lead in a team to manage projects and multidisciplinary environments

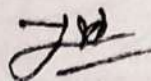

- PO 12: Recognizing the need for and have the preparation and ability to engage independent and lifelong learning the broadest context of technological change

PSO's Addressed – Nil

Topic Coverage of seminar:

In today's globally competitive environment, Intellectual property has placed itself on a pedestal in the context of economic growth and is becoming increasingly important. Intellectual Property (IP) is the fuel that powers the engine of prosperity, fostering invention and innovation. IP has gained center stage and has attained more focus, more attention and is a subject matter of discussion between government, institutions, industries under various regimes and protocol that are put in place to ensure that the world in which we live, where knowledge and innovation are the engines of development and growth. Mr. Govind Sharma addressing the Seminar, stressed on the need of patent filing, importance of intellectual property in order to pace up innovations. He also emphasized the direct need to shift focus on investing in knowledge based capital rather than on physical capital. Procedure and strategies of patenting was shared along with his personal experience. The Seminar mainly focused on educating and inspiring faculties and academic institutions for generation, protection and economic use of Intellectual Property. The seminar was well covered by interactive section between expert and the faculties.

About FDP

Intellectual Property Right (IPR) has traditionally been considered a stimulus to useful innovation and economic growth. The rising cost of scientific and technological development has increased the importance of IPR protection. This is creating excellent job opportunities for science & engineering graduates having knowledge of IPR to work as Patent Analyst; IPR Executives/Manager; Patent Drafting Experts; Patent Agent; etc.

IPR is a managerial issue today and cuts across industries and functions areas. Indian businesses are realizing the importance of IPR as a business tool for innovation and expansion. India is generating a lot of IP, which students are not aware of. If we require these students to spend hundreds of hours learning the finer points of one particular discipline of science/engineering, yet decline to ask them to spend even one single hour learning the basics of IP, we should not be surprised when many of them can not explain what IP or Patent is. With this in view, it is need of an hour to create awareness program among the engineering colleges/universities about Intellectual Property Rights all over India.

Intellectual property rights are like any other property right. They allow creators, or owners, of patents, trademarks or trade secrets, copyrighted works to benefit from their own work or investment in a creation.
