

ABOUT MHSSCE

The Mohammed Haji Saboo Siddik Institute (A Muslim Minority Institution) owes its existence to the munificence of late Mohammed, son of Haji Saboo Siddik, who bequeathed a large sum of money for establishing, conducting and managing this Institute for imparting Vocational, Technical and Industrial training and education. The value of the assets, so bequeathed, exceeded Rupees Three Crore at the time of donation.

The College is accommodated in an exclusively spacious ground plus five floors building. The library of the College is housed in a separate building which is furnished with reference section and reading-rooms for students and staff. A very sophisticated Seminar Hall furnished with the most modern equipment was inaugurated by Dr. Raja Ramanna, an eminent scientist of our country, on the annual day celebrations on 9th April, 2001. A spacious and well-furnished cafeteria is also operative in the campus.

VISION

To bring out the whole Muslim Community from the quagmire of poverty and educational backwardness and encourage, enlighten and prepare all its members to be useful citizens who will contribute to make a prosperous, healthy and strong nation and to promote national integration by giving equal opportunity to all communities for their promotion and progress.

MISSION

To impart quality higher technical education to the students of Muslim Community in particular and to students of all other communities to be competent, dedicated and responsible citizens who shall also be the harbingers of secularism and national integration to the complete satisfaction of all stake holders.

2020

**PROFESSIONAL ETHICS
&
CORPORATE SOCIAL
RESPONSIBILITY**

ORGANISED BY

DEPARTMENT OF CIVIL ENGINEERING

Anjuman - I - Islam's
M.H. SABOO SIDDIK COLLEGE OF ENGINEERING
8, SABOO SIDDIK POLYTECHNIC ROAD, BYCULLA,
MUMBAI - 400 008.

ABOUT FDP

Professional ethics are a set of standards that are used for making decisions in the workplace. Managers use these standards to clarify decision-making when there are gray areas relating to the topic on hand. The use of ethics prevents professionals from taking advantage of other employees or the company. Employees who are ethical build trust and respect amongst others at the company which can lead to more opportunities within the organization.

CSR in its ideal form focuses managers on demonstrating the social good of their new products and endeavors. It can be framed as a response to the backlash corporations face for a long track record of harming environments and communities in their efforts to be more efficient and profitable. Pushback is not new. Charles Dickens wrote about the effects of the coal economy on nineteenth-century England and shaped the way we think about the early industrial revolution. The twentieth-century writer Chinua Achebe, among many others, wrote about colonization and its transformative and often painful effect on African cultures. Rachel Carson first brought public attention to corporation's chemical poisoning of U.S. waterways in her 1962 book Silent Spring.

RESOURCE PERSON

MUSTAFA Y. LOKHANDWALA
RESOURCE HEAD
AMBER SOFT SKILLS ACADEMY
